Farmers Line Up At Social Security Office

THE ABOVE PHOTOS were taken by a Daily Register Reporter Monday just before the noon hour and show a small part of the large crowd of farmers waiting their turns at the local Social Security District office. The large picture shows the rear section of the main workroom where several farmers were being interviewed by claims examiners. Two stenographers are busily engaged at their typewriters in the foreground.

The inset shows some of the farmers waiting in the hallway outside of the Social Security Office. The reception room was also filled to capacity.

E. Bishop Hill, manager of the Social Security Office, stated that he had never known callers at the office to be so patient and understanding as they are at the present time. Farmers have been covered by social security for only two years and many hundreds of them are now eligible for monthly payments. Mr. Hill stated that callers at the local Social Security office during the month of January average about 800 each week. An average of about 325 claims per week were received at the Harrisburg Social Security office during January.

Mr. Hill stated that the workload in his office at the present time is greater than it has ever been since the office was opened in 1937. Because of the tremendous backlog of claims being received at this time, many applicants may not receive their first benefit checks before May or June, Mr. Hill added. Mr. Hill gave assurances, however, that, although there may be delays in some cases, there will be no loss of benefits.

The Harrisburg District office of the Social Security Administration serves an area made up of the fourteen southernmost counties of Illinois. Benefit payments in this district are currently being made at the rate of more than \$1,250,000.00 every month according to Mr. Hill.

Nineteen civil servants are employed in the local Social Security office which occupies the entire fifth floor of the Harrisburg National Bank building. Representatives of the local office make regular calls to ten contact points throughout the district to provide service for those who cannot conveniently call at Harrisburg. For the past nineteen years, the Social Security office has presented a program every Monday afternoon at 1:45 over radio station WEBQ.

State Police Trade Off Last Four of Force's Motorcycles

SPRINGFIELD — The well remembered motorcycle, long a symbol of law enforcement on Illinois highways, is no more.

State Police Chief William H. Morris reported the last four motorcycles owned by the force have been traded on the purchase of a station wagon.

The state police force once was equipped with 350 of the little vehicles, but they gradually have been replaced by patrol cars.

Mrs. Bill Brown Is National Contest Winner

Mrs. Sybil Brown has been named National Sweepstakes Winner in the Rexall Super Penicillin Sweepstakes, it was learned today.

Mrs. Brown, who is employed in the Social Security offices here, the wife of Bill Brown, manager of the Limerick Finance office in Harrisburg, accepted a big cash offer according to reports.

Robert Keltner, manager of Rainbow's Rexall drug store in Harrisburg, where Mrs. Brown entered the contest, declared that the story will be announced nationally by the Rexall Co.

He said that there was no contest to be entered, that all a person had to do was to fill out an entry blank in the Sweepstakes which ended Nov. 30, 1956. There was nothing to buy, nothing to do except to obtain information about the vitamins.

He said that Mrs. Brown's name was drawn for first prize out of approximately ten million names throughout the country. There were 1,404 prizes in all.

Although the story will be announced later by the company, it was learned that Mrs. Brown had her choice of about five major prizes and that she accepted \$3,500 in cash. A representative of the Rexall company came to Harrisburg yesterday, it was learned, to tell her about the award and to get her selection of what she desired for the major prize.

The drivers license examining station will be closed Tuesday because of Lincoln's birthday.

Daily Newspapers Hit All-Time High In Copies Sold

NEW YORK — The number of daily newspapers sold in the United States each day has reached a record high of more than 57 million, Editor & Publisher reported today.

The weekly news magazine for the newspaper business said that the number increased by nearly a million copies per day during 1956. Sunday newspaper circulation also set a new record of 47 million.

The figures were compiled from the forthcoming 37th edition of the Editor & Publisher International Year Book, an annual directory of daily newspapers.

The magazine said total circulation for 1,761 daily newspapers, as of Sept. 30, 1956, publishers' statements and audit bureau of circulation reports, was 57,101,510. That represented a gain of 954,151 or 1.7 per cent over the same period of 1955.

It said that daily newspaper circulations have increased more than 3 million copies per day since 1952, showing a gain of 5.8 per cent over four years.

Shirley Vineyard Receives Master Of Music Degree

Miss Shirley Ann Vineyard, daughter of Mr. and Mrs. L. A. Vineyard, RFD 1, received a master of music degree from the University of Miami, at Coral Gables, Fla., Monday.

A graduate of Harrisburg Township high school, Miss Vineyard received a bachelor of music education degree from Murray State College, Murray, Ky.

Miss Vineyard is bassoonist with the University of Miami Symphony orchestra. In addition she is a member of Kappa Delta Pi, national educational honor society. She is a member of the Ft. Lauderdale Symphony and the Miami Beach Civic orchestra as well as the University of Miami concert chorus. She is a member of Sigma Alpha Iota sorority.

Following graduation, Miss Vineyard will teach general music and orchestra at the Southwest Miami Junior high school.

Bloodmobile in Saline County February 11-12

The bloodmobile will be at the First Baptist church in Eldorado, Monday, Feb. 11, and at the Harrisburg Elks club, Tuesday, Feb. 12. Donors may come in from 12 noon to 6 p. m. it was announced today by the Saline chapter of American Red Cross.

A local doctor is always on duty to make decisions on whether or not a donor should give blood if there is any question. Each donor is given certain medical tests and their medical history is taken to be sure the donor is physically able to give blood.

Saline county collects blood nine days a year and sends it to the St. Louis Regional Blood Center of the American Red Cross for processing. The county is obligated to send 175 pints of blood each day the bloodmobile operates in the county but the four hospitals in the county get blood as needed all through the year from the center which keeps blood available to hospitals at all times. The only time emergency donors have to be called in to give blood at the hospitals is when emergencies occur which deplete the supply on hand and donors are needed until a shipment can arrive from the St. Louis Center.

The only charge is the administration fee charged by the hospital.

One of the advantages of the county being in this program, in addition to supply our hospitals with adequate blood, is that every resident of Saline county is eligible for Red Cross blood replacement in any hospital that will accept blood from the center regardless of the location of the hospital. The blood is shipped from the center nearest the hospital. This means if any resident is hospitalized outside Saline county and has to have blood transfusions, the family should find out if the hospital will accept Red Cross blood replacement and if it is acceptable, a request should be made to the local Red Cross office in the Court House in Harrisburg, immediately upon learning the patient is going to need blood. Replacement will be made on a one for one basis.

The county is falling far short of its quota of blood and needs donors badly as the center depends on residents to replenish the blood supply in the center on the days assigned. Donors must be age 18 through 59. Boys age 18 to 21 must have parental consent cards signed.

Six-Months-Old Daughter Of Former Residents Dies in Tripoli, Africa

Jo Lynn Coffee, six months old daughter of S/Sgt. and Mrs. Bill Joe Coffee, died Jan. 30 in Tripoli, Africa. Death was due to measles.

The Coffees have another daughter, Eve Ann. Grandparents are Mr. and Mrs. W. Floyd Coffee who are now living up state.

The baby was buried in the American cemetery in Tripoli and will later be returned to the states for burial.

S/Sgt. Coffee is a former resident of Harrisburg and is now serving with the U. S. Air Force.

Utah Convicts End 11 Hours' Rioting; Release Hostages

Dual Rear Wheel From Truck Hits Store at Eichorn

EICHORN, Ill. — Everything was quiet in this Hardin county village until the big wheel rolled in. A store is still counting up the damage. A dual rear wheel from a flouerspar truck came off as the truck passed through town. The wheel bumped across the pavement and jumped through a new plate glass window of the Raymond Humm general store. It bounced against the ceiling, grazed the head of a clerk, bumped Mrs. Humm's knee, ruined several radios, television sets, lamps and other appliances. It also sent five customers scurrying for cover.

West Frankfort Club Donates \$100 to Fund For Miners' Families

WEST FRANKFORT, Ill. — West Frankfort Kiwanis Club members hope their \$100 contribution will mushroom into a sizable fund for families of the 37 miners who lost their lives in the Bishop, Va., mine explosion.

The money was sent to Fred P. Edwards, Kiwanis district governor at Bluefield, W. Va.

In making the contribution, the West Frankfort club remembered the \$3,500 contributed by clubs in the Illinois-Eastern Iowa district in the West Frankfort mine disaster five years ago when 119 miners were killed.

Queen of Hearts to Be Crowned at HTHS Coronation Ball Saturday Night

A Queen Of Hearts will be selected at the Coronation Ball in Bonnell gym Saturday night. The dance, sponsored by the Purple Clarion, will follow the Bull Dog-McLeansboro basketball game in Davenport gymnasium and the Queen will be crowned from ten girls chosen by the basketball team.

She will be elected by ticket ballots and pep boosters. The pep boosters, which have been on sale for some time, are purple and white ribbons with a little basketball in the center. They cost 25c and are worth 25 votes. Advance tickets, which will cost 35c for stags and 50c for couples, will carry 35 and 50 votes respectively. Tickets may be bought at the door, 50c for stags and 75c for couples, however these do not entitle the buyer to vote.

At 10 o'clock Saturday night, the Queen Of Hearts will be crowned amidst a hearts and flowers motif by the basketball player who nominated her. After the crowning

POINT OF THE MOUNTAIN, Utah (AP) — More than 500 embittered Utah prison inmates ended more than 11 hours of rioting early today by releasing all hostages and surrendering all weapons.

None of the men who had been held since before 7 o'clock Wednesday night appeared to have been harmed before they walked from the convict-held cellblocks at 6 a. m. MST.

They were preceded by two convicts — armed robbers Billy Randall and Joe Valdez — who turned over to authorities the weapons they had taken from a captured sentry turret.

Randall carried a machinegun. He handed it to a guard, then gave the officer the ammunition clip for the weapon. He turned to another guard, calmly opened his jacket and took a revolver from his belt.

The inmate opened the chamber to show there were five bullets in the pistol and then, with a flourish, surrendered it.

Eighteen men, including seven members of a Mormon Church basketball team, came out behind Randall and Valdez.

Will Present Grievances Earlier, 10 other men had been released or made their way to freedom after spending from two to nine hours as hostages.

Only known injuries suffered were stab wounds inflicted on a guard when the riot started and the beating given a convict who was tossed from the barred corridors by his fellow inmates. Several others suffered smoke poisoning from fires started in various parts of the prison.

Atty. Gen. E. R. Callister said the riot ended when the convicts agreed they would let the hostages go if the inmates' list of grievances could be presented publicly. This was done half an hour before the release when Randall and Valdez came out and talked to newsmen.

In turn, Callister reported that Gov. George D. Clyde had promised to release the hostages.

Five Leave to Complete Six Months Active Duty

Senate Committee Votes to Cite Four Union Officials for Contempt

WASHINGTON — The Senate Government Operations Committee voted today to cite four officials of the Teamsters' Union, including its No. 2 man, for contempt of Congress for refusing to testify about alleged racketeering.

Chairman John L. McClellan (D-Ark.) said the vote was unanimous. He said the citation would be reported to the Senate today for final approval. From the Senate, they would go to the Justice Department for prosecution.

The citations were against: Einar O. Mohr, a vice president of the huge union and executive assistant to general President Dave Beck at its headquarters here.

ICC Sets Hearing For Rail Plea to Hike Passenger Rates

SPRINGFIELD — The Illinois Commerce Commission today set a hearing Feb. 28 at Chicago on a petition for a general 5 per cent hike in railroad passenger fares by Illinois railroads.

The rate increase request was filed by the Baltimore and Ohio Railroad and a number of other railroads operating in Illinois, and asked that the 5 per cent hike be authorized for intra-state service.

A similar 5 per cent increase for interstate service already has been granted by the Interstate Commerce Commission.

In another action the commission granted authority for the Louisville-Nashville Railroad to move its Old Shawneetown agency to New Shawneetown.

The Rev. Sam Sistler, 81, Baptist Minister, Dies Near Eddyville

The Rev. Sam Sistler, 81, Baptist minister, died at the home of his daughter, Mrs. Lois Summers, in the Rock community near Eddyville, today at 6 a. m.

He is survived by one other daughter, Mrs. Lillian Eskew, of Peoria, and a son, Howard Sistler of Phoenix, Ariz. Also surviving is his wife.

The body was taken to the Palmer and Aly funeral home and no plans have been made.

Ford Announces Drop in Sales

DEARBORN, Mich. — The Ford Motor Co. has announced a 16.9 per cent drop in net sales and a 45.9 per cent decline in net income for 1956.

Company President Henry Ford II, said the company's net sales totaled \$4,647,000,000 in 1956, and its net income was \$236,600,000. He said per share earnings had fallen from \$8.19 in 1955 to \$4.38 in 1956.

In 1955 the company's net sales totaled \$5,594,000,000 and its net income was \$437,000,000. Yet, Ford said, 1956 was the second highest year in the company's history for net sales and the third highest, after 1956 and 1950, for net income.

Lesson Writ in Skies

Editorial — BY BRUCE BLOSSAT

Most of us didn't need the re-
markable non-stop flight of three
American jet bombers around the
world in 45 hours to persuade us
of the globe's shrunken size to-
day. But if any doubters are left
here and abroad, this feat should
shatter old notions.

More importantly, it ought to
raise caution flags in the Commu-
nist world which no sane leader
— no matter how ambitious for
world conquest — can ignore.

For the express purpose of this
performance by U. S. B-52 Strato-
fortresses was to demonstrate the
ability of our Air Force to drop
a hydrogen bomb anywhere on
earth. That purpose has been ful-
filled with dramatic efficiency.

Now and then the Russians like
to toss out threats of what they
could or would do with their air-
borne atomic arsenal in the event
they decided to get rough. Few
responsible statesmen in the free
community regard these threats
lightly.

But what we have just done must
necessarily have a somewhat chas-
tising effect on the Kremlin's mer-
chants of menace. We don't talk
as much as they do. We have
given them an answer in action.

Our nuclear storehouse, plus the
ability to deliver it over targets
in any corner of the globe, still
constitutes the greatest deterrent
to war that free men can muster.
The B-52 flight with a simulated
bomb drop cannot help but rein-
force that deterrent power.

Technically, the record global
sweep was a masterpiece of co-
operative Air Force effort. The
three planes averaged some 525
miles an hour for more than 24,000
miles as they roared past New-
foundland, French Morocco, Saudi
Arabia, the southern Indian coast,
Malaya, the Philippines, Guam and
home to their Pacific coast base.

Since the B-52 has a range of
6,000 miles, refueling aloft was ne-
cessary to permit non-stop per-
formance. The Air Force does
not say how many refuelings ac-
tually were carried out.

The nation's praise goes in full-
est measure to the crewmen, not
alone of the successful B-52's but
of the refueling tankers, and more
broadly to all those in the Air
Force who made this magnificent
mission possible.

First spherical globe-maps in the
United States were made by James
Wilson in 1810.

The WASHINGTON MERRY-GO-ROUND by DREW PEARSON

DREW PEARSON Says:
Joe Louis Can't Compromise
His Taxes With Treasury;
FCC Gets Into More Political
Hot Water Over Jacksonville
TV Grant; John Foster Dulles
Wants Kentucky's Senator
Morton To Be His Errand Boy.

WASHINGTON. — If ex-heavy-
weight boxing champ Joe Louis
should make a million dollars a
year he probably could not pay
the government all his back taxes
before he dies.

This is because Joe didn't real-
ize how big his tax bracket was
when money came easy, got be-
hind in his payments, and the gov-
ernment is now charging him in-
terest at the rate of nearly \$100,-
000 a year. If he made a million
dollars a year his annual income
tax would be \$90,000, and he
would be able to pay the govern-
ment only \$90,000 on his back tax-
es—less than the annual bill for in-
terest.

Joe has taken up wrestling late-
ly, and in the past three months
has paid the government \$124,000.
However, the Treasury recently
attached a \$65,000 trust fund Joe
left his children, and he still has
a balance of \$1,119,437 to pay in-
cluding principal, penalty, and in-
terest.

Joe's lawyers say they have dis-
cussed a settlement with the gov-
ernment, but so far, have had lit-
tle encouragement. Meanwhile,
ex-heavyweight champ Jack
Dempsey, who is now running a
restaurant, has started a fund
along with John Youngheim and
George Reeves Jr., of Chicago,
to help Louis with his huge tax
debt.

Interesting question about the
Joe Louis tax case is what yard-
stick the Treasury uses to com-
promise a tax case. To answer the
question, this column scrutinized
some of the tax settlements on
record in the Treasury and came
away more puzzled than ever. It
seemed to depend in part on what
lawyer or accountant you hired.

HOW ARE TAXES SETTLED?

For instance, the American Dis-
tilling Co. owed the Treasury \$13,-
000,000. It settled for a little over
\$1,000,000 or 10 cents on the dol-
lar. It hired the tax accounting
firm of T. Coleman Andrews, who
later became commissioner of in-
ternal revenue.

Here are some other tax cases
recently settled:

Jack Berk, who, with his wife
Anne, ran the Vicmore Belt Co. in
Flushing, N. Y., owed the Treas-
ury \$127,879, settled for \$11,000. He
presented a doctor's certificate
that he had a heart condition and
the Treasury let him off with less
than 10 cents on the dollar.

Newman's Lake House, Sara-
toga Springs, N. Y., owed \$152,-
605.69 and made a compromise
payment of \$20,000, of which \$2,000
was a down payment, with \$3,600
paid annually in five installments
at 6 per cent interest. The restau-
rant is owned by Mrs. Catherine
King and her father, John J. King,
Sr. The settlement was made be-
cause New York State refused to
renew the restaurant's liquor li-
cense. It went heavily in debt.

Another case was that of ex-
Congressman Parnell Thomas of
New Jersey who served time for
taking salary kickbacks. He owes
\$21,362, has a net worth of \$11,200,
and offered to compromise for
\$100. The Treasury refused, fi-
nally agreed to take payments from
Thomas of all his income over

\$5,000 a year through the year
1961.

MORE FCC POLITICS

More of the Federal Commu-
nication's political chickens are
coming home to roost. On top of
the commissioners' reversal of
their examiner in the Boston Her-
ald and Traveler case, they are
now in hot water in Jacksonville,
Fla.

There, the FCC politicos who
decide who shall get the multi-
million-dollar television permits,
reversed their own examiner and
awarded a channel to the Florida-
Georgia TV company. The FCC
examiner had ruled in favor of the
Jacksonville Broadcasting com-
pany, but, after politics were
pulled, the FCC reversed the non-
political expert who spent weeks
listening to the testimony and de-
ciding which applicant was best
qualified to do a public-service job
for the people of Jacksonville.

After making the award to the
Florida-Georgia TV company, it's
now revealed that one of the chief
promoters of that company, Har-
old Cohn, was formerly associated
with the old Capone gang in the
Florida dog tracks. This was not
disclosed by Cohn, who owns 19
per cent of the station and who is
required under FCC rules to dis-
close his record.

The Jacksonville Broadcasting
company has now filed an affidav-
it showing that Cohn was a "chart
writer" with the Jacksonville Ken-
nel Club, largely owned by Bill
Johnston of Chicago, exposed dur-
ing the Kefauver crime investiga-
tion as an associate of under-
world hoodlums. Another owner
of the dog tracks was John Pat-
ton, Chicago gangster and former
associate of Frank "The Enforce-
er" Nitti.

So much evidence of politics is
piling up against the FCC that a
major congressional investigation
is almost certain to result.

EX-LOBBYIST MORTON

Secretary of State Dulles is
treating his former assistant se-
cretary, Sen. Thruston Morton of
Kentucky, as if he still works for
the State Department. Morton's
former job was foreign policy lob-
byist on Capitol Hill, and Dulles
wants him to continue as a State
Department lobbyist, despite his
new rank of senator.

The secretary of state has met
privately with Morton a dozen
times. In addition, chief White
House lobbyist Wilton Persons has
also been putting the pressure
on Morton to help out. But so
far Morton has refused to do any
lobbying. He has confined him-
self to giving political advice.

Dulles also wants Morton to
fight for the administration's Mid-
dle East program on the Senate
floor. This is embarrassing for a
freshman senator, who tradi-
tionally is supposed to be seen and
not heard.

MITCHELL IS MOLLIFIED

Secretary of Labor Mitchell was
all set to resign last month until
Ike talked him out of it. Mitchell
explained that he wanted to go
into private business and make
some money.

But Ike said he needed Mitchell
to help convince labor that the Re-
publican party is their real friend.
The President said he was even
considering appointing Mitchell to
the National Security Council,
thus giving labor a voice in top
foreign policy.

Finally, Ike jokingly threat-
ened: "If you quit, I quit." Mit-
chell agreed to remain.

BIBLE THOUGHT FOR TODAY
What is man, that Thou art mind-
ful of him, and the son of man that
thou visitest him? Psalm 8:4.
Man that yields to animal im-
pulses is just an animal, but by
faith we can do all things for we
are also sons of God.

Dr. Webb Receives Certificate of Praise At Chicago Meeting

Dr. and Mrs. L. I. Webb returned home Wednesday after attending the 92nd mid-winter meeting of the Chicago Dental Society, held in the Conrad Hilton hotel. There was the largest attendance of any similar dental meeting in Illinois with over 16,000 present.

Dr. Webb was an essayist and clinician at this meeting where he received a certificate of appreciation from the chairman of the program committee and the president of the Chicago Dental Society for his contribution to the scientific program. In his essay he emphasized a

better understanding and a closer relationship between the dentist and the patient pointing out that a dentist is a man: 1. Who loves his home, family and community; 2. has a well equipped dental office; 3. one to whom a patient would be glad to refer friends is an efficient workman, considerate of his patient's welfare, understanding of the patients' needs, and clean.

4. Has an active interest in the community where he practices. His essay was retained by the program committee for publication in the Dental Journal.

Dr. Webb is resident of the Gilbert-Watson Dental Research group.

Thinking It Over

By Robert L. Dieffenbacher, D.D. (Written for NEA Service)

Rubber stamps are used to save time and effort when we would have to write the same word or words over and over again. Sometimes we use the rubber stamp without thinking about what we are doing. Occasionally we sign our names or give approval to projects or plans of others with the same thoughtlessness that we use with a rubber stamp.

In this world, where all of our viewpoints are important, we need to give individual attention to everything which affects people. If we become mere rubber stamps we fail others, and discredit our own personal integrity.

God created everyone differently. There is no such thing as a national personality or a mass uniformity. We cannot remake people into beings with the sameness of tin soldiers, and we should not act with thoughtless sameness ourselves.

Two HTHS Girls to Attend Leadership Camp

Lois Patton, president of the Girls' Athletic association at HTHS, recently announced that Betty Shanks and Pat Durfee will represent Harrisburg at the leadership camp at Carbondale this summer.

The camp is an annual statewide affair. Approximately twenty-five schools from southern Illinois will be represented.

The activities of the camp, which will be from June 2-9, will include swimming, volleyball, badminton, archery, Indian cricket, and softball.

Last year HTHS was represented by Lois Patton and Janice Gidcumb.

MR. AND MRS. CLYDE HUNT AND ATTENDANTS—On Saturday morning, Jan. 12, at St. Mary's Catholic church in Harrisburg, Miss Wilma Helena Siedler, daughter of Mr. and Mrs. George W. Siedler of Harrisburg RFD 3, became the bride of Clyde Hunt, also of Harrisburg RFD 3. The ceremony was performed by Father T. G. Bruns. Miss Dorothy Siedler, sister of the bride, was maid of honor, and Walter Siedler, brother of the bride, served as best man. The bride and her attendant were both dressed in navy blue suits with navy accessories with white carnation corsages. Mr. and Mrs. Hunt are making their home on Harrisburg RFD 3. Several relatives and friends attended the wedding ceremony. The bride and groom (pictured in front) and their attendants are shown on the steps of St. Mary's.

Xi Beta Omega Chapter Holds Regular Meeting

Xi Beta Omega chapter of Beta Sigma Phi held its regular meeting recently at the home of Mrs. Charles D. Taylor with Mrs. James Stricklin as assistant hostess.

During the business meeting conducted by the president, Mrs. Gene Kimberlin, it was announced by the Valentine party committee that a Valentine party for the members and their husbands would be a dinner at the Rathskeller Monday, Feb. 11.

The meeting was turned over to the program chairman, Mrs. William Upchurch, who introduced Mrs. Helen Hall from the Social Security office who gave a most interesting talk on the functions of the Social Security offices and the different types of benefits. An open discussion followed with the

Mrs. Lillian Minner Hostess to First Baptist Mary and Martha Class

Mrs. Lillian Minner was hostess to the members of the Mary and Martha Sunday school class of the First Baptist church Tuesday evening for the regular class meeting and party.

A dessert course was served upon the arrival of the guests.

A short business meeting was conducted by the president of the class, Mrs. Susie Boardman. Mrs. Myrtle Wilson led in prayer after which the devotion was given by Mrs. Guy Lawrence. Mrs. Wilson and Mrs. Lawrence were guests. Mrs. Lawrence's devotion was on members asking questions.

Delicious refreshments were served buffet style from a beautifully decorated table.

Mrs. Ora Denny Hostess To Loyal Daughters Class Of First Christian Church

The Loyal Daughters class of the First Christian church met Tuesday with Mrs. Ora Denny, 211 South Mill.

Opening prayer was by Mrs. Leona Meler, president, and the devotion entitled "Too Busy to Live," was given by Mrs. H. L. Lightfoot. During the business meeting plan were made for the B. and P. W. dinner and cards were signed and sent to shut-ins of the church.

The dining table was centered with an arrangement of red and white carnations sent by Charles Dillon in memory of his mother, Mrs. Elizabeth Pelfrey, who passed away last week. Mrs. D. F. Churchwell gave a closing prayer in tribute to Mrs. Pelfrey and also to Mrs. Carl Corrie, both members of the class, who have passed away within the past month.

Recreation was by Mrs. Gladys Parker and Mrs. Clara Borders.

Mrs. Frelan Smith helped Mrs. Denny in serving refreshments to those mentioned and to the following: Mrs. Harry Farmer, Mrs. Alvey Hawkins, Mrs. Paul Robinson, Mrs. Myrtle Adams, Mrs. Blake Johnson, Mrs. William Sloan Jr., Mrs. Frank Gray, Mrs. Otis Yates, Mrs. Walter Turner, Mrs. Ben Williams, Mrs. Joe Harris.

Mrs. George (Catherine) Miley was taken to the Harrisburg hospital yesterday for a checkup and rest.

An interesting scripture taken from the book of Genesis, the story of Jacob and his dream, which also inspired Sarah Flower Adams in the writing of the song "Nearer My God to Thee."

Mrs. Boardman had charge of the entertainment which consisted of several contests.

Those present besides those mentioned were Mrs. Marie Fearheiley, Mrs. Mamie Stump, Mrs. Blanche Wager, Mrs. Daisy Rude, Mrs. Maud Stricklin, Mrs. Blondel Hughes, Mrs. Susanna Unsell, Mrs. Pearl Partain, Mrs. Vi Metcalf, teacher of the class, and another guest, Mrs. Mima Woolard.

Here's the bomb
THAT BROKE THE
"low-price" lineup!

This big high-stepping Chieftain started a revolution with a carload of "firsts" and an eye-popping price tag!

The low-price field never looked like this before! The handsome husky you see right here has the boat still rocking... with more power, more wheelbase, more room—and more sheer pride of ownership—than ever before possible on a well-trained budget! Just look at what they're making room for now in the low-price lineup: a strapping 347 cu. in., 10 to 1 compression ratio Strato-Streak V-8... a whopping, road-hugging 122 inches of wheelbase and an all-new suspension system for a Level-Line Ride that's next best thing to a magic carpet! And this streamlined beauty takes on the field with more than six dozen "firsts", all proved by 100,000 of the roughest, toughest test miles a group of facts-minded engineers could devise! If this sounds like a wonderful buy—it certainly is! Our advice is to stop dreaming and price it! At a cost less than a lot of the low-price jobs, this newcomer is making big-time buyers out of former "all-three" owners!

**Label Russian
Spy Charges
As Diversion**

WASHINGTON (AP)—U. S. officials today labeled Russia's latest "spy" charges against the United States as another effort to divert attention from Russia's own "difficulties."

The Soviet government Wednesday accused the United States of waging a "secret war" of espionage and sabotage against Russia. It produced for newsmen in Moscow, four Russian nationals alleged to have been trained in Germany for spy work and parachuted into the Soviet Union by U. S. intelligence forces.

There was immediate speculation in Washington that the Soviets were trying to divert attention from the arrest and indictment in New York City of three Lithuanian-born persons accused of committing espionage against the United States for Russia.

Whatever the truth or falsity of Russia's latest specific charges, the Soviets are right in their general premise that the United States spies on them and Russia has repeatedly spied on us.

The United States, officials admit privately, has espionage agents behind the Iron Curtain—and the Bamboo Curtain surrounding Red China too. Getting them there and keeping them under cover is one of the jobs of the CIA, the government's main agency for collecting intelligence information in foreign nations.

**Proposes Lower
Auto License Fees
In House Measure**

SPRINGFIELD (AP)—A bill to lower automobile license fees while imposing a mileage tax on heavy trucks and trailers was introduced in the Illinois House Wednesday.

Another bill would provide for appointment of motor vehicle license commissioners in each county to handle distribution of motor vehicle licenses who would be paid 50 cents for each license handled.

License fees would be increased 50 cents to pay the commissioner's fees.

This second bill also would provide for county identifying numbers or letters on license plates. The first bill would cut auto license fees to \$10 for passenger cars weighing less than 4,000 pounds and \$15 for those over 4,000 pounds, eliminating the present horsepower basis for fees.

Truck license fees would be reduced but a graduated mileage tax should be imposed on trucks and trailers weighing more than 20,000 pounds.

SPRINGFIELD (AP)—Two study commissions failed to agree Wednesday on whether Illinois highways should have a rigid and fixed speed limit at all times.

The Motor Vehicle Laws Commission and the Illinois Traffic Study Commission, which met to discuss proposed speed limit laws were in substantial agreement except for that one point.

The Motor Vehicle Laws Commission has already recommended a maximum speed limit of 65 in daylight hours and 55 after dark for passenger cars, buses and trucks under 14,000 pounds. Trucks over 14,000 pounds would be limited to 50 miles per hour.

A similar bill, which was supported by Gov. William G. Stratton, was defeated two years ago.

The study commission largely agreed with the recommendation, but remained undecided if the 65 speed limit should be a "prima facie" or "per se" law. The other commission would have it drawn as a "prima facie" limit, where the speed limit would be effective only if a driver could not drive in a "reasonable and proper" manner and not go over the speed limit.

The "per se" limit would provide an absolute limit, where a motorist exceeding the speed limit would automatically be driving in a manner not "reasonable and proper."

**Bobcat Killed in
Pope County; Fear
Others Around**

GOLCONDA, Ill. — Farmers in this area are worrying about a bobcat invasion, now that one has been killed.

Tom Davidson, who lives near Roper's Landing in southern Pope county, killed one of the vicious predators Tuesday evening when he found it in his back yard fighting with his dogs.

Davidson brought the animal into town Wednesday to prove it actually was a bobcat, though they have not been seen in this area for about six years when several were found near rock quarries northeast of here.

Speculation has led to the conclusion that the animals were driven here by severe cold weather in the north, their natural habitat, as were a pack of Canadian wolves last year.

Three of the wolves, which can wipe out a flock of sheep or dogs in minutes, were shot last year. The hilly cave area of southern Pope county furnishes a natural lair for the wolves and bigcats, and more are still believed to be around.

**Employees Give
Part of Pay to
Keep Firm Alive**

DETROIT (AP)—The 376 employees of the Hammond-Standish & Co. meat packing plant are paying out part of their salaries in an effort to keep their jobs and the firm alive.

Joseph Strobl, president of the 99-year-old firm, said Wednesday he was counting on the money to keep the company in business.

Strobl said that if the plan worked the employees would be able to keep their jobs and eventually would get their money back. If it doesn't he said, they lose both job and money.

Strobl said the program of co-operation between management and the members of Packing House Workers Union Local 190 allowed each employee to sign a contract giving 10 per cent of his pay to a special benefit fund for the next five years.

**Mother of Three
Children Missing**

CHICAGO (AP)—Police today sought a mother of three children who disappeared while on her way to Chicago's Loop to attend a movie.

Bernard Redman, 38, said he last saw his wife, Lena, 26, when she left the house about 6 p. m. Saturday. He said his wife frequently went to the show while he cared for the children.

Redman said his wife carried only a small amount of money. He said she was dressed in a light canvas coat and wore a red babushka.

**Zilch Rites at
Ridgway Friday**

Funeral services for Mrs. Teresa Zilch, who died Tuesday night at the home of her daughter, Mrs. Louis Kohl, near Ridgway, will be Friday at 9 a. m. at St. Joseph's church in Ridgway. The pastor, Rev. John Venegoni, will officiate and burial will be in St. Joseph's cemetery. The congregation will meet at the church today at 7:30 p. m. for Rosary. The Cox funeral home of Ridgway is in charge.

**Du Quoin Newspaper Man Organizes
Bucket Brigade to Battle Blaze**

VERGENNES, Ill. (AP)—An alert newspaper circulation man assumed a Paul Revere role Wednesday in organizing a bucket brigade that saved the Vergennes village hall from fire.

Ray Robinson, circulation man for the Du Quoin Evening Call newspaper, spotted the fire as he was making stops in Vergennes. He went from door-to-door in the village in his light truck marshaling the bucket brigade forces. Vergennes has no fire truck.

Businessmen brought along their fire extinguishers and 10 men functioned as a bucket brigade, holding the fire under control until the Murphysboro fire department arrived.

"The bucket brigade saved the day," said Lloyd Moore, Murphysboro fireman.

Firemen estimated the damage

at about \$4,000 in the blaze that damaged the one-story frame building housing a family and the village hall.

Moore said the fire apparently started from an overheated stove in the dwelling side of the building occupied by the Robert Buser family who was forced to leave their home.

The fireman said the village hall received only smoke and water damage and that no village records were destroyed.

**Attend FHA Meeting
At McLeansboro
To Plan Spring Rally**

Carla Stuby, Section III F.H.A. president, and Mrs. Helen Murphy, F.H.A. adviser at the HTHS, were at the McLeansboro high school Monday, Feb. 4, attending a meeting to set up a program for the annual F.H.A. Spring rally.

All F.H.A. section officers and advisers were present.

This year the rally will be held on April 13 at the Mt. Carmel high school, the theme being "A Recipe for Better Living." Registration will be from 9 to 9:30 a. m. All F.H.A. members are entitled to attend.

**SIU Hopes to Correct Conditions
Caused by Mushrooming Growth**

CARBONDALE, Ill. — The Illinois legislature has been asked to vote \$25,264,139 for the operation of fast-growing Southern Illinois University during the next two years.

Overcrowded classrooms, heavy teaching loads and low faculty salaries are among conditions the University hopes to correct if this sum is appropriated.

In its budget request, the University stated that its unprecedented growth has caused problems that cannot be met without sizable increases in funds. During the past biennium alone, enrollment jumped by more than 1800 to the present level of 6255 students, and prognosticators who have been conservative in the past expect Southern's campus to be invaded by 9000 students in the fall of 1960.

The small college of a few years ago has mushroomed far out of proportion to funds available for operation, SIU officials say, even though substantial boosts have been made by each of the past several sessions of the General Assembly. For 1955-57, Southern received \$14,677,426 in operating funds, but this was not enough despite some rigid economies that have proved tough on their students, the faculty and area residents seeking University services.

Services Cut Back
Southern was forced to place a strident downward on new projects whether designed to meet educational demands or to benefit the people of Southern Illinois. Off-campus services and extension and Saturday classes were made part of the regular University

**Liner Docks
Without Tugs**

NEW YORK (AP)—The superliner United States, queen of the U. S. merchant fleet, docked without tugs today "so gracefully that not a noise was heard" and not a scratch marred her hull.

"This was a perfect landing," said Capt. Jones F. Devlin, general manager of the United States Lines, "the most graceful I ever saw, with or without tugs. Capt. John Anderson, commodore of the United States, did a masterful job."

It was the first time that the liner, third largest in the world and holder of the transatlantic speed record over the two larger British Queens, had been docked without the usual assistance of tugboats, whose crews are on strike throughout the harbor. The operation took a little more than 30 minutes.

With most of her 1,493 passengers watching from the rails, the United States pulled up at right angles to her North River pier and dropped a port bow anchor. Weather conditions were excellent. A heavy mist hung over the river, but there was virtually no wind, and the waters were almost glassy.

schedule so that precious classroom space could be used to best advantage. Salary hikes were parceled out in July, 1955, after the last session of the General Assembly, but virtually no pay increases have been made since.

Even with these economies, SIU needs a \$400,000 deficiency appropriation to make ends meet for the remainder of the current biennium which ends June 30.

Under these circumstances, it is becoming more difficult to hire experienced teachers to meet the enrollment boom, the University explains. They can command more lucrative salaries from other universities and from business, industry and government agencies. It has therefore been necessary to make some temporary appointments of faculty members who do not meet the University's normal requirements.

On the other hand, the University points out, even the best instructors cannot teach at top efficiency when there are 30 or more students in a single class. Yet, even courses like psychology in which individual instruction is particularly important have as many as 60 students at Southern.

Research Shelved

Although freshman English courses were split up into 89 separate sections last fall, each section still averaged slightly above normal enrollment. In the entire English department, there were 135 class sections, meeting anywhere from one to four times a week, which were manned by only 46 teachers. And some of these instructors were only working on a part-time basis, or they held down administrative jobs in addition to teaching. Many of the top administrative officers, including the deans and the registrar, pinch hit in the classroom to meet the teacher shortage.

Lack of funds to attract enough teaching personnel has other repercussions besides crowding classrooms and forcing faculty members to double up on assignments. Needed research which can have practical applications to area and state problems has been shelved because staff members are so busy with other duties. For the same reasons, the University's emphasis on service to communities, groups and individuals off the campus has suffered some setbacks.

Subsequent articles in this series will detail how the University would use the \$25,264,139 it has requested for operating expenses during the next biennium.

**High Water Fails
To Halt New
Golconda Ferry**

GOLCONDA, Ill.—The new Golconda ferry, which opened for business only last Saturday, is believed now to be the only ferry in this area operating across the Ohio. High water has forced temporary closing of the Elizabethtown ferry and several others crossing the Ohio to Kentucky, it was reported.

The ferry New Boston, operated by "Skipper" George Mason of Oakville, Iowa, shuttles the Ohio river between here and Livingstone County, Ky., in about 10 minutes, landing on the Kentucky side of the river at the end of Ky. 133, about five miles west of Joy.

Bringing the ferry here was the word of a group of merchants, operating as the Golconda Ferry Assn. The group promoted the building of a 150-foot concrete approach to the ferry, and spread tons of gravel on the ramp leading up the flood wall.

The Illinois State Highway Department is now installing guard rails along the ramp, and has promised blacktopping of the road in the spring.

When the last ferry closed seven years ago, it broke an important link between Golconda business and persons living nearby, but yet far away, on the Kentucky side of the river.

Businessmen here praise the new ferry as a solid foundation for the town's business, and many others cite the new service as a "friendship link" with relatives and friends in nearby Kentucky counties.

**Investigate Reports
Egypt Again Receiving
Communist Bloc Arms**

WASHINGTON (AP)—The United States is investigating reports that the Communist bloc has resumed arms shipments to Egypt, officials said today.

So far, they said, the United States has "no positive" information that Soviet and Czech arms are being delivered to Egypt. But they said the arrival in recent weeks of Soviet ships at Egyptian ports had prompted speculation of arms deliveries. Unloading operations have been carried on in "great secrecy," it was said.

5-9 Chet Forte Takes Lead in College Scoring

By United Press
The little man's day dawned at last today in college basketball. Five-foot, nine-inch Chet (The Jet) Forte of Columbia has taken the national scoring leadership away from seven-foot Wilt (The Stilt) Chamberlain of Kansas on the strength of a 36-point performance Wednesday night against Yale.

Forte's brilliant showing wasn't enough to save his team from an upset, for Yale notched a 103-87 decision to take undisputed possession of second place in the Ivy League.

But it did give the little Lion an average of 30.2 points per game, passing the 29.8 mark held by Chamberlain — who has been No. 1 in the national scoring parade almost since the start of the season.

Two Other Upsets
Forte notched only nine points in the first half Wednesday night, then got 26 in the second half. But Larry Downs' 31 points led Yale to victory.

Forte's feat took the national spotlight despite two other major upsets, both featuring that old devil zone defense.

Louisville, the nation's No. 6 team and highest-ranked independent squad, was handed its second straight upset, 85-74, by Morehead State of Kentucky and Canisius, ranked No. 11 nationally, fell short in a late rally and bowed to Marquette in a thriller at Milwaukee, 81-80.

In other leading games: Carmen Riazzi's tip-in with 14 seconds left gave Dayton a double-overtime, 68-67 win over Miami of Ohio; Bowling Green pushed its record to 12-5 with an 83-75 victory over Loyola, Ill.; Temple downed Villanova, 81-72; Colgate beat Cornell, 75-63; Princeton whipped Rutgers, 69-53; Pennsylvania nipped Brown, 67-66; Army beat Albright, 90-74; Navy edged Penn State, 53-48; and Washington, Mo., beat Portland, 72-65.

Giardello Wins Split Decision Over Randy Sandy

CHICAGO (U.P.)—A victorious but thoroughly dissatisfied Joey Giardello today rated Rory Calhoun as the next target on his path toward the middleweight title.

"I'll do better against Calhoun than I did in this one," Giardello said after scoring a split decision over Randy Sandy, a 9-2 underdog in a 10-round battle at the Chicago Stadium Wednesday night.

The win was Giardello's seventh straight ring triumph and ended Sandy's string at five.

"I was overconfident," Giardello said. "I thought I'd knock him out in two rounds. I thought that for the last couple of weeks, ever since I signed for the match."

"But I just couldn't get off. I don't know what was wrong," the Philadelphia battler said.

Giardello, ranked second among the middleweights by the National Boxing Association, was unimpressed in beating Sandy for his 65th win in 83 professional starts.

Referee Walter Brightmore gave him a 48-44 edge and Judge Spike McAdams a 47-45 margin. Judge Frank Clark's vote went to Sandy, 47-46.

Of eight writers at the ringside, six gave Giardello an edge of one, two or three points, one gave Sandy a five-point margin and the United Press card had the fight a draw.

Sports Cars Compete in 'Flying Mile' NASCAR Runs
DAYTONA BEACH, Fla. (U.P.)—More than 100 sports cars, including almost every major American and European make, were scheduled to compete today in "flying mile" runs in the NASCAR "speed week" competition on Daytona's hard-packed sands.

The target will be the record of 164.2 miles per hour held by Bill Walters of Long Island, N. Y.

Today's racing will be strictly against the clock. Each driver will have two miles in which to get his car up to maximum speed, one mile in which to clock its high speed for the competition, and two miles to slow down.

Fords dominated yesterday's competition in the main event acceleration trials.

In the event for souped-up experimental cars, Ford Thunderbirds were first and third, a Mercury second, and a Plymouth with a Chrysler engine fourth. In the acceleration race among pick-up trucks, a Ford was first and a Chevrolet second.

FLOOR BOSS—Gerry Calvert is the quick-handed play-maker for Kentucky's powerful-as-usual basketball team. With Calvert calling the shots, the Wildcats are headed for another Southeast Conference title.

Combes to Start Caiazza Against Spartans Saturday

CHAMPAIGN, Ill.—Illinois tests a new starting lineup at East Lansing, Mich., Saturday afternoon, opposing Michigan State in a regionally televised Big Ten game. Coach Harry Combes of the Illini indicated today that he will not name a fifth player to fill in for big George BonSalle, who has been declared scholastically ineligible, until game time.

Loss of BonSalle, Illinois' leading scorer and rebounder, leaves a hole which apparently cannot be filled. However, Illini hopes that a combination can be found which can stay in thick of one of the wildest Western conference title races in years.

Combes believes he may have a "sleeper" in 6-7 Ted Caiazza, junior who has been understudying BonSalle. He will give the rugged LaGrange center a starting shot against the Spartans.

"I believe Ted will accept the responsibility and give us a good performance. He's no BonSalle right now, but until he hurt his knee last year he was looking good. I hope he'll come through."

Believers in magic often hold that a misstatement of the spell will cause the death of the practitioner.

States Get \$207 Million from Horse Racing

LEXINGTON, Ky. (U.P.)—State treasuries hauled in a record total of \$207,456,272 from horse racing of all types in 1956, the National Association of State Racing Commissioners announced today.

The staggering total, ranging from the \$73,861,755 realized by New York to the \$75,881 collected by Nebraska, represented an increase of \$20,466,684 over the 1955 total of \$186,989,588 reported by the NASRC for its 24 members.

Thoroughbred racing was responsible for the lion's share of the staggering sum with a contribution of \$164,062,687 to state treasuries while harness racing turned in \$39,879,246 and quarter horse and fairs raised \$3,514,339. These same sources raised only \$6,024,193 among them in 1954 when the NASRC issued its first report.

New York State, which takes the biggest cut and has the largest betting total throughout the land, realized the greatest income, almost triple its closest rival. New York received \$73,861,755 while second place California got \$25,742,293. Racing proved a major revenue producer for several other states, too, with New Jersey getting \$23,795,966; Illinois getting \$17,536,242; Florida getting \$14,694,943; Maryland getting \$8,763,519; Michigan getting \$7,536,309; Ohio getting \$7,107,270; Rhode Island getting \$6,421,570; Massachusetts getting \$5,641,382; and New Hampshire getting \$2,819,719.

Gas Storage Projects

At Fairfield Meeting

William Clark of the Natural Gas Pipe Line Company of America, will speak before a joint meeting of the Illinois Geological society and the Indiana-Kentucky Geological societies at a dinner meeting to be held at Robbs cafe in Fairfield, on Thursday, Feb. 14. Social hour will start at 5:30 and dinner will be served at 6:30.

Mr. Clark will review briefly some geologic and engineering aspects of the various gas storage projects that have been used in Illinois to date, but primary emphasis will be on the Herscher project with which he is very familiar since he was the resident geologist during its development.

MOVE BACK, PLEASE—Dick Schnittker, Minneapolis Lakers forward, is a guy who needs elbow room. The fact that rival NBA players, such as Boston's Andy Phillip, right, don't give it to him means nothing. As shown here, Schnittker merely moves the fellow's head back a little.

Bull Dogs Play at Centralia Friday; McLeansboro Here Saturday Night

Harrisburg meets tough Centralia on the Orphan floor Friday night, then the Bull Dogs will get a look here Saturday night at the team the boys will meet in the first round of the Norris City regional cage tourney in March.

The Saturday night foe is McLeansboro, a team that has not met the Bull Dogs in regular season play for the past few years. McLeansboro always is tough, and has split with the strong Carmi outfit in a couple of tiltz this year.

Centralia, a fast outfit with shooting ability, right now is in the middle of the South Seven standings with five wins and four losses. When the Orphans came to town for a tilt Dec. 22 they went home with a 76-67 victory. In that contest Schuchman was their high scorer with 25 points, but all

of the starting five had two-figure totals.

In a top South Seven contest Friday night, the Mt. Vernon Rams will go to West Frankfort to try to gain on the second place R. Birds, and they might do it, especially since Frankfort has been playing without a couple of regulars, Francis Florian and Ron Avery. Mt. Vernon, a team which for the most part has not played up to its ability, could start jelling any time, now, that tournament play is nearing. The Rams definitely have the size to go.

In the other South Seven games of the evening, Herrin, riding the top rung, travels to Benton to meet the Rangers, currently tied with Harrisburg for the low spot in the standings.

Other games Friday night will find McLeansboro at Carrier Mills, Carmi at Eldorado, Galatia at Rosiclare, Equality at Ridgway, Shawneetown at Pope County, Vienna at Carverville and Cave-in-Rock at Brookport.

Two South Seven games are carded for Saturday night—West Frankfort at Herrin and Marion at Mt. Vernon. Besides Harrisburg-McLeansboro here, Centralia will go to Carmi and Benton will be at Eldorado for non-conference tiltz.

A strictly Saline county event will be Carrier Mills at Galatia.

South Seven standings:

Team	W	L
Herrin	8	0
West Frankfort	6	2
Mt. Vernon	5	3
Centralia	5	4
Marion	4	5
Harrisburg	1	8
Benton	1	8

Dorrisville, Galatia Play Tonight in District Final

Dorrisville and Galatia will play for the championship of the Junior high school district championship this evening, marking the second time within a week the two have met for a tournament title.

Wednesday night in a semifinal play of the district meet being held at Omaha Galatia defeated Raleigh 63-33 and Dorrisville won from New Haven 60-28.

Boyet set a Galatia scoring record by pumping in 39 points.

A week ago at Galatia in the finals of the Midget conference tourney Dorrisville won the home team in a close one, 48-44.

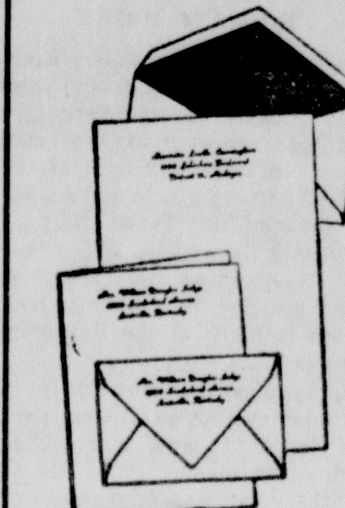

A fine game is in prospect for tonight as the two teams are apparently as evenly matched as any two could be.

In three previous games this season, Dorrisville winning two, the point-spread for the three games is a lone marker. Dorrisville has scored 130 points to Galatia's 129.

Elvis Says He Will Not Fight to Keep Sideburns When He Becomes Soldier

By ALINE MOSBY

United Press Hollywood Writer HOLLYWOOD — If and when Elvis Presley becomes a soldier, he'll get a haircut like any other GI, and rumors he'll fight to keep his sideburns, he says indignantly, are meaner 'n a bound dawg.

"People have been makin' such a big to-do about my keepin' my hair," groaned Elvis while he treated me to lunch at the Paramount commissary.

Or, rather, he arrived in the commissary first so he went ahead and ordered and ate while I studied the menu. His order and favorite dish: Mashed potatoes and gravy, sauerkraut and crisp bacon, all shoveled into his famous mouth in unison.

"I don't want any impartiality," said Elvis. "I don't want to go into the service and have the rest of the boys in shorthair and me in long hair. All GIs get crew cuts and I'm not askin' them to keep my hair."

"I'm goin' into that service and do the best I can. If they want me to sing for the boys, I'll sing. If they want me to march, anything

they want me to do is all right." Elvis looked disgusted when I inquired if he's keeping his sideburns and droopy ducktail for his second movie, "Loving You," a modern story about a rock n' roll singer which he's doing for Hal Wallis at Paramount.

"My hair is my trademark," he explained carefully. "I never want to offend anyone with it."

When Elvis joins the Army depends on when his draft board needs a draftee, "and it might be next month, next year, or never," he said.

"I don't mind goin'," he added.
